

Display Materials Technology Asia Virtual Symposium

March 24, 2022: 11:00am – 13:00pm [日本時間]

Click here to
Register

11:00 – 11:30am

“3D Printing Optoelectronic Materials and Devices”

Dr. Ruitao Su, Massachusetts Institute of Technology

11:30 – 12:00am

“Multiscale Manipulation of Quantum Dots for High-efficiency and High-density Light-emitting Devices”

Dr. Yeon Sik Jung, Korea Advanced Institute of Science and Technology

12:00 – 12:30pm

“Spectral Reflectance of Display Thin Films: Challenges and Successes”

Dr. Jim Elman, Filmetrics

12:30 – 13:00pm

“Nanomechanical Characterization of Display Films”

Jennifer Hay, KLA Instruments
